**ASSOCIATION OF
CLINICAL REGISTRIES,
MALAYSIA**

ACRM

About ACRM

The Association of Clinical Registries in Malaysia (ACRM) was established in 2005. It was conceived through the joint efforts of clinicians, epidemiologists, public health specialists, biostatisticians, health and IT professionals with interest in the development of clinical databases and disease registers in Malaysia.

The establishment of the society was motivated by increasing awareness of the huge untapped potential of clinical databases and disease registers to serve as a powerful tool for public health surveillance and planning, health outcomes management and, healthcare quality improvement.

The Association was therefore established to:

1. Strengthen the capacity for scientifically sound and ethically proper clinical registries
2. Promote and support implementation of specific clinical registry for priority disease or therapeutic areas in Malaysia
3. Foster the judicious application of clinical registries to disease surveillance, health outcomes management, healthcare quality improvement and healthcare cost containment
4. Provide a forum for debating issues arising of implementing clinical registry
5. Promote communication and collaboration among clinicians, clinical epidemiologists and researchers, clinical IT professionals and healthcare managers on clinical registry related issues
6. Facilitate operations of registry/databases in Malaysia
7. Affiliate with international federation of registries

Activities

The activities of the association shall include:

- Promotion and membership drive
- Development and maintenance of the website which serves as a portal to clinical databases in Malaysia
- Publication of electronic newsletter
- Bibliography services for Clinical Registries/databases literature
- Annual seminar on Clinical Registries/databases
- Training programmes
- Focal point for collaborative research

Membership Rules

- Membership is open to all Malaysians & non-Malaysians aged 21 and above, working or staying in Malaysia, who have an interest in clinical registries and its applications (Associate membership is open to non-Malaysians)
- Application for membership shall be proposed and seconded by two existing members
- An entrance fee of RM 10 and annual subscription of RM 30 (Ordinary/Associate membership) and RM 100 (Life membership)
